RE: Docket No. 00-0592, Revised Plan of Record

Dear Ms. Caton:

In its order of January 24, in this proceeding, the Commission required the parties to jointly file a modified Plan of Record ("POR"). Ameritech Illinois drafted modifications to the POR to reflect the requirements of the January 24 Order and circulated that proposed modified POR to the Parties. Ameritech Illinois subsequently engaged in discussions with several CLECs parties, which discussions lead to further modifications of POR language. Ameritech Illinois now submits the attached further modified POR.

Ameritech Illinois reasonably believes that, with the following exceptions, no CLEC party to this proceeding disputes the modifications to the POR language. Those exceptions are 1) a dispute by AT&T with the language on pages 38 and 39 concerning joint testing, 2) a dispute by Covad with the language on page 44 concerning the provision of terminal make-up information, and 3) a dispute by Covad with respect to the language on page 50 concerning abbreviated address validation.

Ameritech Illinois expects that AT&T and Covad will supply their proposed language to the Commission.

Sincerely,
/s/Michael S. Pabian
